**Definition:** Includes all costs of transportation of persons (including family travel expenses) under 5 USC 5724 and 5724A as implemented by Federal travel regulations, Chapter 2, and DOE 1500 Chapter VI, subsistence of travelers, and incidental travel expenses in accordance with Federal Travel Regulations, which are chargeable directly to DOE. Specifically includes (a) commercial transportation charges, rental or charter from commercial sources of passenger-carrying motor vehicles (even though they may be used incidentally for transportation of things), trains, buses, vessels, and airplanes for transportation of persons, and expenses incident to the operation of such rented or chartered conveyances; and (b) mileage allowances for use of privately owned vehicles and related charges which are specifically authorized (such as ferry fares and tolls), and streetcar and taxi fares (including tips) whether in connection with local travel or travel away from a designated post of duty. Excludes (a) rental of passenger-carrying motor vehicles from government motor pools, (b) cost of contractual services contracted directly by DOE for transportation of DOE employees in and around the official station of such employees, and (c) charges for the use of vehicles of DOE contractors. All costs incurred for foreign travel between permanent duty station and foreign destination and return are charged to foreign travel. However, when temporary duty is performed at a U.S. stopover en route to or from a foreign destination, the pertinent one-way costs of the trip between the permanent duty station and the stopover are charged to domestic travel. Such temporary duty at U.S. stopover must be shown on the travel authorization under remarks as necessary and not just incidental to the foreign trip. Also includes the rental and expense incident to the operation of passenger-carrying motor vehicles rented directly by DOE from interagency motor pools. In the case of rentals by DOE from GSA motor pools, includes the net reimbursement to GSA. Excludes the costs of rentals paid by DOE contractors to GSA or some other Government agency for passenger-carrying vehicles operated and maintained by the contractors, although such rental vehicles may be used on occasion by DOE employees.
